

BCR[®] Nylon Glove Liners

COMPOSITION AND ATTRIBUTES

- 100% knitted nylon – comfortable protection against skin irritation caused by latex, urethane, PVC, and other chemical handling gloves
- Full fingered design covers entire hand
- Reusable, ambidextrous, seamless construction
- Can be laundered
- Color coded cuffs denotes size

APPLICATIONS

- For use in laboratories and manufacturing environments
- Can be used as inspection gloves to prevent fingerprints on circuit boards, glassware, lenses, optics and other critical surfaces
- Can be used alone as inspection gloves or in gowning areas
